

## WE HANDLE THE DETAILS

### *Mold Remediation and Reconstruction*

At JCI our IAQA (Indoor Air Quality Association, Inc.) trained and certified mold remediators use state of the art methods for identifying the source, extent and severity of microbial contamination. All aspects of project management, remediation and reconstructive services are handled within JCI, simplifying the process for our client and maintaining the highest level of quality control. Whether you require supervision or a company to perform the decontamination procedures, JCI will be there to handle the details.

## YOUR HOMES HAVE NEVER LOOKED BETTER

### *Prep & Detail Teams*

From stucco and drywall, to painting and cabinetry, our talented Prep and Detail Teams can handle any project needed to get your homes ready to sell. Our qualified technicians and experienced craftsmen handle every detail prior to, and following your client walk-through, making sure your customer is completely satisfied with the home. With our affordable flat rate programs and our availability for last minute appointments we make this process

simple and reliable – one low rate on an as-need basis. One of our most popular services is our assistant superintendent program where we help superintendents eliminate their stressful demands and complete projects on time and within budget.

- ***Full Home Detailing***
- ***Model Retrofit and Maintenance***
- ***Assistant Superintendent***

## TAKING SPECIAL CARE OF YOUR CLIENTS

### *Customer Service Teams*

Most of our clients retain us to handle their home warranty programs because they need a reliable company that will take special care of their clients – even the most difficult homeowners. At JCI our experienced Customer Service Teams will handle all the details of the warranty project at very affordable flat rates. We handle stucco, drywall, tiles, plumbing, painting, carpentry, water damage repairs, power washing, cabinetry work and so much more, all under our “Flat Rate Program” – no surprises, no hassles. With our warranty flat rate program, we’ll take the calls, schedule the appointment, perform the service quickly and reliably to make certain that your clients are totally satisfied. No more endless calls to subcontractors to complete a project - one call does it all.

- ***Sell Warranty Programs With Confidence***
- ***Assist With Builders Customer Service***
- ***Simplifies Your Job & Makes It Extremely Profitable***

## LET US PROVE IT TO YOU

### ***Water Intrusion Specialists – Crack Plastering Experts***

When it comes to stucco, window leak repairs, and crack plastering, JCI has a proven track record for results. Years of experience combined with our unique process and materials make the repairs extremely effective. Many companies talk about their water intrusion repairs, stuccowork, and crack plastering, but JCI has the experience and techniques that guarantee it. We’re so confident in our abilities that all of our repairs are always 100% Customer Satisfaction Guaranteed. Let us prove to you how good our services are – give us a call.
